

Bastrop ISD Back To School Bash Saturday, August 13, 2005

Thanks to Shevis Moore and Bastrop Independent School District, the **TAME Trailblazer** was on hand to help celebrate the end of summer with area families and teachers. The event was well-organized and well-attended and even though the trailer was parked a short distance from the rest of the action, many people found their way over and had a great

time experiencing the interactive science and engineering exhibits complete with tour guides to help answer any of their questions (thanks to our two wonderful volunteers Wendy & Marcy!).

We had many positive comments from those who toured and lots of requests from area teachers who would like the opportunity to have a trailer tour for their students! Our own Crespin Guzman, long-time board member, and his wife Mary stopped by to see the trailer in action and help represent TAME to those who visited.

Shevis did a wonderful job putting the event together and we were happy to be a part of it! We look forward to being invited again next year!

Shari Getz / Executive Director
