

## TAME Trailblazer Volunteer Schedule

School: [Click here to enter text.](#)

Volunteers are an essential part of the Trailblazer program.

- A minimum of 5 volunteers is required at all times students are touring.
- Volunteers do not need to have any experience or technical background. All activities are easy to learn and TAME personnel will brief the volunteers prior to the tour.
- Volunteers need to report to the Trailblazer for a training 40 minutes before the Trailblazer opens.
- Late volunteers and no-shows disrupt the program, so please stress to your volunteers the importance of arriving on time.
- Please recruit a 6<sup>th</sup> volunteer as an alternate.
- You may set up two shifts, but they must overlap by 20 minutes to allow the incoming volunteers time to observe and learn their station.
- Volunteers need to be in the Trailblazer for a minimum of three hours.
- If there are fewer than 5 volunteers, stations will be shut down in the Trailblazer.

| <b>Time</b><br>Example (7:30-3:20)        | <b>Volunteer name</b>                                     | <b>Volunteer email address</b>            |

Note: Five stations are on board each Trailblazer: Aerodynamics, Biotechnology, Energy, Space and Weather. Volunteers can prepare by viewing Trailblazer training videos online at <http://www.tame.org/programs/trailblazer/trailblazer-guidelines-training>.

Please return completed form to [Trailblazer@tame.org](mailto:Trailblazer@tame.org) two weeks before your program.
